

Life Science Products

The LYNX mission is to provide Animal Care Washing Systems of the highest standards, quality, and reliability in the industry. Our service and customer care will be unmatched.

Model 710LX Bedding Dispenser

The LYNX Model 710LX Bedding Dispenser is a semi-automatic unit designed to dispense bedding materials* into two (2) animal cages (max. 13" x 13") simultaneously when they are placed into position within the filling area. The dispenser is capable of handling most chip-type, free flowing solid bedding, as commonly used in the animal care industry. The dispensed bedding volume is adjustable to accommodate various depths and sizes of cages.

Size:
