## FLEXLINE™ MOBILE COMPUTING CART

Flexible Options. Designed Around You.

- **Advanced Power Solution:** Lithium Nano power supply provides breakthrough combination of consistent performance for extended run times and more than 5,000 cycles.
- **All-In-One Computer Ready:** Flexline carts can be purchased with an All-In-One computer or come ready to mount a set all-in-one computer on the cart.
- **Multiple Mounting Options:** All-In-One Computers can be mounted on an over bridge for computers staying at a fixed height with additional room for storage or mounted on a monitor arm for effortless height adjustment of the computer screen.
- **Additional Storage:** Maximizing floor space is critical, added locking or non-locking side bins allow for additional storage space without taking away any extra floor space.
- **Numerous Drawer Sizes and Organizational Options:** 3," 6," 9," and 12" drawer heights allow for flexibility in storing supplies. Drawer dividers are necessary to keep the supplies that the drawer holds organized. To expedite and simplify restocking exchange trays are available.
- **Easier to Clean and Keep Clean:** Flexline's cleaner design includes corrosion proof and stain resistant polymer materials, smooth rounded corners to allow for easy cleaning and \*Microban® antimicrobial product protection that keeps the cart cleaner between cleanings.

**Flexline™ Mobile Computing Cart**

**35-32**

Metro incorporates several elements in its product design to support a facility's cleaning protocols:

- Microban® antimicrobial protection helps prevent the growth of stain and odor causing bacteria on the product.
- Advanced polymer and other proprietary finishes provide corrosion resistance
- Smooth rounded corners to allow for easier cleaning
