

Maximize every inch...

Easy to Assemble.

Units can be put together in minutes without the use of special tools. Bottom shelf or frame is adjustable in 1" increments.

NEW
SPACE SAVER
WORKTABLES **24"**
DEEP

Space Saver Worktables are offered in 24" (610mm) depth and 36" (914mm), 48" (1219mm) and 60" (1524mm) lengths. All models are 34" (860mm) high.

Strong & Robust.

- **Built to Last:** Sturdy construction provides a robust 800 lb. load rating. Mobile tables are rated to 600 lbs. Type 304 Stainless Steel components stand up to the harshest applications and environments.
- **Proven Stability:** 1" diameter posts and patented Super Erecta Shelf® construction assure a rigid, sway-free table. Heavy-duty 14-gauge stainless steel virtually eliminates any "drumming."
- **Stationary or Mobile:** Preconfigured units are offered both in stationary with a leveling foot and mobile utilizing a 5" polymer corrosion resistant caster.
- **Customizable:** Worktables can be ordered by component using Super Erecta® posts, frames and shelves in any finish for a solution to fit your application.

We put space to work.

Stationary Space Saver Worktables 24" Deep (610mm)
